Form 1: Student declaration (for research that does not involve human participation or analysis of secondary data)

School of Mathematics and Statistics

Research Ethics Review for Postgraduate Taught Students

Dissertation title: Bayesian history matching for nuclear data

In signing this student declaration I am confirming that:

My project does **not** involve people participating in research either directly (e.g. interviews, questionnaires) and/or indirectly (e.g. people permitting access to data).

My project does not therefore require an ethics review and I have not submitted a Research Ethics Application Form.
